

Central Board Minutes  
May 14, 1958

The meeting was called to order by President, Larry Pettit. The minutes were read and an addition was made pertaining to openings on Judicial Council. Uhl said that there were some resignations on the board so more than six openings are available now.

J-COUNCIL INTERVIEWS:

Those appointed to help Grimes, Pettit, and two J-Council members interview applicants are: Stanchfield, Swerens, Ulrich, and Hanson.

PUBLICITY BOARD:

Jayne Walsh, Pub-Board chairman, recommended Terry Carpenter for Venture editor, Judith Blakely for Venture business manager, and Bob Sandwick for associate editor of Venture magazine. Stanchfield moved we accept these recommendations. Beller seconded. Passed 11-0. The recommendation was based upon a review of the selections made by the Venture staff who did not realize that under the new constitution a new staff must be approved by Publications Board and Central Board.

Traditions Board is to be contacted because they too forgot that cheer queen and head pom-pom girl must be approved by Central Board.

POLITICAL SOLICITING:

Dave Werner as a representative of the Young Democrats Club said they were against people coming around paying students to circulate things; such as the current situation of students getting paid to obtain signatures ~~opposing~~ the Right To Work Laws. In other words they are against students being paid to carry on politics for an organized group. Werner asked for the view of Central Board on the matter. After some discussion Metcalf moved we pass a resolution stating that Central Board looks with disfavor on any organized political group soliciting help on our campus. The motion was dropped since we have a by-law that covers this, and more broadly. Ulrich moved we revamp Article II, Section 14 of the By-Laws by striking out the words "as a whole". Metcalf seconded. Passed 10-1. (Swerens opposed.) Article II, Sec. 14 now reads, "Any soliciting of the student body by campus or downtown organizations shall be subject to approval by Central Board."

FACULTY DELEGATE:

The following were nominated for next year's faculty advisor:

Dr. Betsky	English dept.	by Swerens
Mr. Stone	Law school	" Pettit
Dr. King	English dept.	" Stanchfield
Dr. Brown	" "	" Ulrich
Mr. Millis	Education "	" Stanchfield
Dr. Helbing	Business school	" Pettit
Dr. Bordon	History dept.	" Stanchfield 461
Dr. Shannan	Economics "	" Swerens

The faculty will probably vote and select two; preferably one from Arts & Sciences and one from the professional schools. However Pettit will check with Dr. Castle.

LETTERS:

Pettit read the letters he had composed to Dr. Castle and Dr. McFarland. Swerens moved we send these letters as written. Cogswell seconded. Passed 11-0. The secretary will send them out this week.

ELECTIONS:

Ulrich presented some suggestions that he and his committee (when he gets one) will investigate. (1) Limiting of campaign methods and expenditures. (2) Sound units should be banned. (3) There should be a political rally for the whole student body. We gave him a vote of confidence to pursue these suggestions, and gave him additional ideas. The committee should try to find ways to replace the enthusiasm of fan-fare campaigning to enthusiasm for the candidates themselves, regardless of their affiliations on campus. Stanchfield suggested that there be a certain place in the lodge where a picture and list of qualifications and platform of each candidate be posted. This should be discussed in the living groups and present more ideas at the next meeting.

BY-LAWS:

Article 11, Sec. 2 of the By-Laws, Pettit moved we word it "preferably a journalism major"; since the Chairman of Publications Comm. cannot be editor of Kaimin, Sentinel, or Venture it often limits the choice too much. Metcalf seconded. Passed unanimously. Sec. 2 now reads, "The chairman (of Publications) shall be preferably a journalism major and shall not be the editor or business manager of any publication set forth in Div. IV of the by-laws. Jayne Walsh suggested an addition be made to Sec. 1 of Article 11 stating that the "...members, one of which be a Journalism major" be inserted. Swerens so moved, Cogswell seconded, and it passed 11-0. The first sentence of Sec. 1 now reads, "This committee shall be composed of a chairman and student members, one of which be a Journalism major, appointed by Central Board, and a faculty advisor appointed by the president of MSU with the approval of Central Board."

PUBLICITY-TRAVEL:

Ubl read the 1958 Interscholastic schedule.
